

NEW HAMPSHIRE CHARITABLE FOUNDATION

Answer the following questions in [GrantSource](#).

Introduction

The Greater Rochester Community Health Foundation is currently accepting applications for its Inaugural Small Grants Program. Organizations that work on access to care challenges in Strafford County are welcome to apply. Access to care may include: mental health, substance use disorder, senior services, transportation and logistics, culturally appropriate care, awareness of services, care coordination, and patient motivation. Please use this application to describe this work and how it will help your organization and the communities you serve.

There is no word limit but we recommend that no answers exceed 250 words.

Access to Care

Describe the access to care challenges in Strafford County that your organization seeks to address.

Approach

What is your organization's approach to addressing these challenges?

Community

Describe the community that your organization serves.

Impact

What has been your organization's impact on this community and its access to care in recent years?
